

The Paducah Sun

VOLUME III—NUMBER 256.

PADUCAH, KENTUCKY TUESDAY EVENING, JULY 18, 1899.

10 CENTS A WEEK

WAR BREAKS OUT

The Factions in Clay County Meet in Battle Array.

In Collision Which Occurred Yesterday One Man Killed and Several Wounded.

LONDON, Ky., July 18.—The members of two of the factions existing in Clay county met in a royal battle yesterday. Though the fighting was all of a skirmish character there was one man killed and several wounded. Aaron Morris, Hugh Griffin, Bob Philpot, Ed Fisher and Mart Griffin were mortally wounded, and this morning at 7 o'clock it was thought they would not live half the day through. Green Griffin is also shot, in the thigh, and is mortally wounded, and he too can hardly live long. The excitement yesterday was at a white heat and this morning it showed no improvement, and further trouble is feared at any moment, for another conflict, this time among the friends of the parties to yesterday's fight, seems imminent.

FRANKFORT, Ky., July 18.—Governor Bradley has not confirmed the reports from Clay county relative to the trouble there yesterday. If he can get an official report of the shooting he will send three companies of militia there immediately. He has several times lately been misled by false reports of trouble in that county and has grown to be skeptical of the stories coming from that section.

ELEVATOR HERE

Tomorrow Morning the Work of Putting It Up Begins.

Supt. George Meuller Arrived This Morning With the Material.

Supt. George Meuller, of the Eaton Elevator company, Chicago, arrived this morning and will tomorrow begin the work of putting in the elevator at the custom house.

The elevator, all ready to be put up, arrived over the Illinois Central this forenoon, and is at the depot. Supt. Meuller stated to a reporter that the work of putting it up will require six weeks, at least. The elevator will be located in the building straight up between the stairs. It is to cost about \$5,000.

STRIKES GROWING.

Spite of Claims to Contrary Car Men are Gaining Ground.

CLEVELAND, O., July 18.—The strike is spreading rapidly, but as yet there has been no disorder of any serious nature. Many recruits have joined the strikers today.

BROOKLYN, N. Y., July 18.—Though the road officials say the strike among the car men is nearly over, the strikers gained two hundred recruits today. They have also prevented any cars from being run on five lines of the city.

ED REDD FINED.

He Failed to Report to the Sanitary Inspectors.

Ed Redd, colored, who runs a garbage wagon, was this morning tried before Justice Emery on a charge of failing to report inspection to the sanitary inspectors as required by law, and a fine of \$10 and costs was assessed against him. The law requires all such people to report the first and fifteenth of every month to the sanitary inspectors.

CABINET IS PLEASED.

WASHINGTON, July 18.—The cabinet is well pleased with the condition of things in the Philippines and that the situation is not at all bad. The members also say the matter from correspondents, forwarded from Hong Kong, is unwarranted by the facts.

LOUISVILLE TRAIN LATE.

The passenger train due at 2:15 this afternoon from Louisville was over two hours and thirty minutes late. The delay was occasioned by a car being off the track at Vine Grove, Ky., the passengers being unable to pass it.

THREE WERE KILLED.

FORTSMOUTH, O., July 18.—Three men were today killed and several badly injured in a wreck on the Norfolk and Western railroad near Haverrhill. It was an ugly wreck and quite destructive to the rolling stock.

MADE A MAJOR.

WASHINGTON, July 18.—Arthur Sharpley, formerly a first lieutenant in the Third Kentucky, has been appointed a major in the volunteer army.

Senor Betancourt, civil governor of Matanzas, is believed to be the author of an incendiary proclamation recently issued, designed to incite the Cubans against the United States, and he will probably be called upon for an explanation.

BOTH MUTES.

Their Three Children, However Can All Talk Well and Hear.

Mr. Peter Rowlett, wife and three children, of New Concord, near Murray, Caloway county, were in the city this morning and left at 7:45 for Mayesville, Ky., on a visit to relatives.

The parents are both deaf mutes, and communicate by means of the regular alphabet and signs and motion of the lips. Their children, however, all of whom are good looking, and the oldest of whom is eight and the youngest a few months, can both talk and hear, all except the baby, who can hear, and judging from the noise it makes will very day be able to talk. It is a very happy family, and both father and mother appear to be very devoted to each other and the children.

LONG IS HERE

Was Brought by Marshal Henry, of Livingston.

He Is Charged With Stealing a Bicycle Belonging to Mr. A. A. Joynes.

Marshal Henry, of Henderson, Ky., arrived last night with John Long, who was arrested in Henderson yesterday on a warrant sworn out by A. A. Joynes, of the Jones Industrial company, charging him with stealing a bicycle that had been stored away in the third story of the building.

Long had been employed by the company, and suddenly left one day. The bicycle was soon missed and the tires found at a repair shop and the wheel traced where Long had hid it.

He has confessed that he took it, is understood from the Henderson officer, but claims he was drunk. He was arraigned in the police court this morning and the case was set for tomorrow morning.

CASE DISMISSED.

Insufficient Evidence to Convict Allie Morton.

Allie Morton, a colored girl who comes by her meanness honestly, her mother being the notorious Adeline Morton, was tried before Judge Sanders this morning on a charge of breaking into Catherine Davis' house on Washington street through a window. Allie Travis, who was yesterday sentenced to thirty days in jail for a breach of the peace, swore she saw the girl crawling out the window Sunday morning.

The Morton girl said the Travis woman was full of coke, and gave the court the information who had been buying the coke for her. The Travis woman then said the defendant was full of coke, and when the latter was asked for whom she bought coke, she replied that she bought it for herself. She appears to be only about 17 years old, and her lips look like she has suffered from divers bites of the kissing bug. The latter probably died after performing the operation.

The court did not think the evidence sufficient to convict, and dismissed the warrant. Before the Travis woman was taken back to jail, a relative smuggled a new supply of coke into her cell, and she was all smiles at once.

SHE DIDN'T SHOOT.

But the Young Man Said She Wanted to.

Sunday night residents of a certain section of South Fifth street were attracted by an unusual scene on the street. Four or five persons whom they did not recognize were together, as if in earnest conversation, when one young man threw up his hands and was heard to exclaim: "Don't shoot, don't shoot." He then grabbed a pistol and ran into a neighboring house and excitedly unloaded it, saying to the residents as he did so, that "She would have shot him certain if he had not seized the pistol."

He soon disappeared and is reported to have left town, and there the mystery ends.

STORM ABOVE SMITHLAND.

It Cut a Narrow Path, But Did No Serious Damage.

The captain of the Hustler reports that there was a severe wind storm up the Cumberland river Sunday afternoon, about four miles above Smithland. The wind cut a narrow path through the woods, and tore many large trees down, but did no serious damage that could be learned of.

BLOCK NON EST.

The Warrant Against Him Was Filed Away This Morning.

Leonard Block, who yesterday about noon escaped from Officer Colyer, has not been found, and this morning the warrant against him for shooting at his wife, without wounding, was filed away until he can be caught. It is certain that he has left the city.

WILL RECOVER.

It is given out this morning that Postmaster Hamner, who was injured at Edgelyville, will recover. He seems to be greatly improved.

SUES FOR \$2,000

Wants Damages From City and Car Company.

He Was Thrown From a Carriage and Had His Knee Cap Dislocated.

Boss Ledinger, colored, of Dyersburg, Tenn., who has been employed at Craig's livery stable near Fourth and Broadway, this afternoon filed suit in the circuit court through his attorney, John G. Miller, against the Paducah Railway and Light company and the city of Paducah for \$2,000 damages.

A few weeks ago while Ledinger was on his way to the Union depot in a drummer's wagon loaded with trunks, the wheels struck the elevated rails of the disused street car tracks that extended from Trimble street to the Union depot and the vehicle was overturned.

He was thrown out and his knee cap was dislocated and torn off, and he will have a stiff leg for life, he alleges. He asks for \$2,000 damages, and makes the city a party to the suit for failing to keep up the street in the vicinity of the track.

CARS WRECKED

A Disaster on the Illinois Central at Lenzburg, Ill.

Fire in Jones Killed and Several Passengers Hurt, among Latter Master Mechanic Beckwith.

ST. LOUIS, July 18.—The flyer on the Illinois Central railroad was wrecked this morning near Lenzburg, Ill., about forty miles south of this place, and Fireman Jones, of the train crew, was killed, and four passengers were injured. Master Mechanic Beckwith was badly injured. The wreck was a very ugly one in all respects.

SEDUCTION CHARGED.

Davis Wyatt in Trouble at Benton—Charged With Seduction.

Davis Wyatt, a well known man of Marshall county, was arrested yesterday afternoon across in this county on a charge of seduction.

His accuser is Miss Mary Green, a girl of sixteen, who is in a delicate condition, and who comes from a good family. Wyatt has been married, and has never borne a good reputation, according to what is said of him about those who know him. He once attempted to wreck a P. T. & A. train near Benton several years ago, it is charged.

He was taken to Benton and it is reported will marry the girl, and thus escape the penitentiary.

LICENSED TO MARRY.

Missouri Man to Claim a Kentucky Bride.

Mr. A. C. Morgan, of Mississippi county, Mo., and Miss Nellie Figgins, daughter of Mr. Michael Figgins, of the county, were licensed to marry today. He is a well known farmer, and the marriage will be performed Thursday at the home of the bride.

COUNTY COURT.

Mrs. Amalia Livingston today qualified as executrix of the will of her late husband, Mr. M. Livingston.

Mrs. Leo Compean waived her right as administratrix of the estate of her late husband, and the public administrator was appointed.

A HINT.

When you feel that this paper has done you an injustice, see the editor—that is, if you can do so in a gentlemanly, courteous manner, and don't go round town mouthing about it to Dick, Tom and Harry. A hint to the wise is sufficient.

THE MACCABEES.

FORT HURON, Mich., July 18.—The Knights and Ladies of the Maccabees will have full possession of this city during the next few days, the occasion being the biennial convention of the Supreme Tent of the Knights and the Supreme Hive of the Ladies' Auxiliary, both of which were formally opened today. The past year has been a period of prosperity for the order as is evidenced by the unusually large number of delegates and visitors on hand. The order now numbers about 325,000 members, while the Ladies of the Maccabees reports a membership of 51,774, making it the largest fraternal beneficiary organization in the world composed entirely of women.

DANCE TONIGHT.

Do not fail to attend the dance in that new pavilion at La Belle park tonight. Mr. Will Sweney will have entire charge of the floor and it is needless to mention that the best of order will be maintained. The music will be the best procurable and the floor will be in fine condition. The street car system will furnish the best of transportation and will see that every one gets home. A cordial invitation is extended to all.

RETURNED TO LOUISVILLE.

Supt. Harahan Has His Conference With the Mayor.

Superintendent Harahan and Roadmaster Wallace left this morning at 7:45 for Louisville, and Trainmaster Flynn accompanied them to Central City. They came down yesterday, and Superintendent Harahan succeeded in showing to the mayor and street committee that the Tennessee street intersection of the railroad was not at all dangerous, as some of the citizens had supposed, but on the contrary would render the crossing safer, as it removes the yards farther from the city. The railroad company never fails to treat everybody with whom it comes in contact right, and this the council has found out.

THE TEACHERS

Institute Gets Down to Work and Considerable Interest.

Today's Session of McTracke County Institute More Interesting than That of Yesterday.

The minutes of Monday's work were read and adopted.

The subject of primary reading was taken up. Miss Morgan, of the city, had a very able paper prepared on this subject. Other city teachers also introduced some good ideas on the subject.

Quite a discussion arose as to the various methods of teaching the subject and it was finally conceded that the word method was the best for primary grades.

A FINE HORSE.

Ed Farley, Jr., Is Owner of One of the Finest in the City.

Mr. Ed Farley, Jr., is now owner of a fine horse, one of the finest stallions in the country. The horse was purchased at Markle, Ind., and cost \$700. It has a pedigree that fills several pages, and is decidedly the finest horse in the city.

PETITION IN BANKRUPTCY.

Marshall County Man Asks to Be Relieved From Obligations.

Edward S. Shedd, of Hardin, Marshall county, this morning filed through his attorneys, Oliver & Oliver, a petition in voluntary bankruptcy, his liabilities being two or three thousand dollars. His assets are few, and he claims exemption under the law for them.

THE LATEST.

R. E. L. Brown, an American mining engineer, will ask the United States to intervene in his behalf to secure a claim of \$1,812,000 damages against the Transvaal government.

Hon. William J. Bryan will accept Mr. Altgeld's invitation to speak at the Chicago mass meeting July 29. Mayor Harrison is said to have advised him not to do so.

In spite of the efforts of government officials to prevent it, the Indians of the territory are holding their ghost dances, smoke dances and other similar ceremonies.

Capt. William A. Andrews, who started across the Atlantic ocean June 18, in a boat twelve feet long, was picked up exhausted about 700 miles from the Irish coast.

Twenty-seven business houses, the waterworks pumping station, the fire engine house and the jail at Bainbridge, Ga., were destroyed by fire Sunday.

An insect is playing havoc with wheat crops in South Dakota. One farmer lost a crop of 110 acres and others report similar losses.

Marital law has been declared in the capital of Salvador to enable a revolutionary conspiracy to be investigated.

MEXICO BENEFACTOR.

MEXICO, CITY, July 18.—Today being the anniversary of the death of President Juarez, all Mexico was on a pilgrimage to the beautiful tomb in the national pantheon of San Fernando erected over the ashes of Mexico's liberator and greatest benefactor. All public buildings were draped with the Mexican colors on which mourning crepe was fastened, flags at half mast floated from the foreign embassies and consulates and the club houses. Simple but impressive ceremonies were carried out at the tomb of Juarez. President Diaz with all the members of his cabinet were present. Orations of the war with which Juarez was identified. Wreaths were placed on the sarcophagus by President Diaz and by members of the Juarez family, and a magnificent floral design, one of the handsomest of them all, was placed on the tomb in the name of the American club.

MASONIC NOTICE.

Plain City Lodge No. 449 F. & A. M. will meet at their lodge room in the Leach building on North Fourth street at 8 o'clock tonight in stated communication. All master Masons welcome.

J. H. ASHCRAFT, W. M.
GEO. O. INGRAM, Sec.
Maj. Gen. Otis has asked for 2,500 horses with which to organize a cavalry brigade.

THEY BOLT

Many Democrats Meet at Mt. Sterling to Kick.

Determined Opposition to Goebelism Manifested by Prominent Men.

MT. STERLING, Ky., July 18.—If there was any evidence lacking of the unpopularity of William Goebel and his gubernatorial candidacy in Montgomery county, it was shown yesterday afternoon when a rousing convention was held here by Democrats who rebuked the boss of Kenton county.

The meeting was held at the court house, and the attendance was more than satisfactory to those interested in the movement for a ticket all Democrats can unite upon.

The meeting passed resolutions denouncing the methods employed in the convention at Louisville that nominated Senator Goebel for governor, and selected delegates to attend a meeting to be held at Lexington August 2 to take such action as in the wisdom of the party in the state seemed advisable under the circumstances.

The Democrats of other counties are requested to meet and send delegates to the Lexington meeting.

The meeting this afternoon was one of the largest ever held in the county. It was presided over by ex-State Senator B. F. Cockrell, and the committee on resolutions was composed of Hon. Thomas Turner, Hon. M. S. Tyler, S. S. Priest, G. E. Chick and J. G. Trimble, all life-long Democrats.

Strong speeches were made by Col. Turner, the Hon. H. H. Kinoliving and the Hon. A. W. Bascom, of Bath county. The latter was a delegate to the Louisville convention, and his description of the disgraceful and corrupt methods employed there by Goebel and his tool, Chairman Redwine, was a revelation to the Democrats here.

He declared that he would not support Mr. Goebel. Some of the speakers intimated that the success of Goebel in Kentucky would be destructive to the interests of Mr. Bryan and the Chicago platform of 1900. The feeling is growing here that the alliance between Goebel and the Courier-Journal will, if successful, deprive Bryan of Kentucky next year.

The meeting was composed of the best citizens and Democrats of the county, and was a surprise to the followers of Goebel, who have been saying that there were only a few disgruntled Democrats in the county, and they would fall in line at the proper time. It is plain to them now that no matter whether a third time is nominated or not Montgomery county will give a big majority against Goebel.

THE PUMP HOUSE.

Work to Begin in a Few Days, Says Engineer Wilcox.

City Engineer Wilcox was last night instructed by the council to have the sewerage pumping station completed at once, and he will proceed to do so. The council has for over a year tried in vain to hear something from Sewerage Contractor Linn White relative to the station, but he has ignored every letter.

The station will be changed from the original plans and will cost about \$1,000 more, something near \$200 worth of work having been done when the sewerage was first begun. In a few days the work will begin and will be finished in a short time.

THE NEW LEVEE.

Paducah is to have an additional wharf. It will be at the foot of Elizabeth street, and the ordinance for its construction was given final passage last night. Work will not begin for some little time, however, as the contract has to be let to the lowest bidder, and bids have to be advertised for.

THROWN BY A HORSE.

Neville McNamara was riding a horse late yesterday afternoon near his home on South Ninth street when the animal threw him. He fell heavily upon one arm and side and had the arm badly lacerated. Dr. Taylor was called and dressed the injuries, which were not serious.

IS STILL ALIVE.

Fireman F. McCormick, who was struck and injured by a mail crane at Goff day before yesterday, and operated on at Craneyville, was still alive today, but his condition is very serious. There were six surgeons with him yesterday, one of whom was Dr. D. G. Murrell.

HURT AT KILGORE'S.

Will Walker, an employee of J. L. Kilgore's, was painfully hurt yesterday afternoon by a piece of heading striking him on the hand. Dr. Troutman dressed the injury.

TUESDAY, JULY 18, 1909.

With no undue friendliness towards

any, and with unfriendliness towards

none, the contention of The Sun has

ever been for good gravel, no matter

where it comes from. It believes that

the best gravel procurable should be

purchased for our streets, and it is

truly regrettable that the council and

public opinion are so at variance on

the present gravel question. The

council approves the quality of gravel

now being used, whatever it may be,

while the people do not. It is equally

unfortunate for the people and

taxpayers that they have no redress,

no recourse, for the gravel is received

by an inspector subservient to the

will and wishes of those who appointed

him, and whom the council has no

power to discharge. The street com-

mittee certifies to the bills for gravel,

and always certifies that they are

correct, and the council, after the

gravel has been received by the inspec-

tor and placed on the streets, and the

street committee has endorsed the bill,

can do nothing but allow the amount.

It is refreshing to know, however,

that there is at least one councilman

who has back bone to tell the mayor

what he thinks of the gravel deal, and

who had the temerity to vote against

the allowance of the bill, and who was

outspoken last night in his denunciations

of the quality of gravel. This

councilman was Dr. Winstead. It is

very evident, nevertheless, that if the

present gravel is what most people

think it is, the city of Paducah stands

little chance of getting good gravel,

with mayor, gravel inspector and street

committee against it.

Mayor Lang makes almost as good

as a lawyer as he does a mayor.

Mayor Lang, for the first time in

his career as mayor, has exercised

the power of veto, and in the opinion

of many, if not a majority of, good

citizens, it was to arrest the progress

of the city, by preventing her from

entering cities of the second class.

His position was no doubt the result

of much study and greater conscientious-

ness, but was nevertheless one, in

the Sun's opinion, which will ever

remain as a blot on his official record.

It is not the wish of the Democratic

press to ignore the Republican ticket

like it is doing, but it has so much dis-

sentiment within its party ranks which

it is trying to heal that it has not the

time to look after its enemy. The Re-

publicans are willing to let matters

go along as they are, however, but

really do hope that the Democrats will

on the river front. By virtue of his
same argument, the property cannot
be condemned, as no levy was made
for that purpose, and even if a price
could be agreed on without condem-
nation proceedings, it could not be
purchased, for no appropriation was
made for that. It is a strange sort
of consistency that some of us have.

Aguiñado is fighting to rule over
the Philippines, and announced that
he looks for success when the Demo-
cratic party prevails. It is the most
remarkable testimonial that party
has ever secured.

If the city waits until winter—and
the weather is cold enough—the grav-
el now being placed on the streets may
freeze up and be as good as if it
were not.

Whether false or true it is unfor-
tunate that the assertion is made by
the staff newspaper correspondent
in this city that the "facts in the case"
are being suppressed by the people re-
presenting the government. It is a
ways best to tell the truth.

The Sun congratulates the council
for its work last night in disposing of
the question of making this city one
of the second class. A body so wise
as an aliphabet and signs and no-
in so important a position is entitled
to forgiveness for other sins of omis-
sion and commission.

The dead silence of the Bradleys
should not interest the Democratic
state press so much as the live kick-
ing of the anti-Bradleys. The Re-
publicans will wake up before the "dead
Bradleys" long before the Demo-
crats will be able to kill off their live
kicking anti-Bradleys, and don't you
forget it.

President George P. Keeney, of the
National Association of Silver clubs,
says he doesn't think free silver coin-
age will be made the principle issue
in the platform the Democrats will
adopt next year. This fully side-tracks
the issue of free silver for an issue
for a campaign thunder? Who
can guess?

POINTED QUERY.

The sedate Hickman Courier never

says anything except it be to the

point. Lately it remarked:

"Is there any place in active politics

for one who would be strictly honest

and conscientious? If one would re-
buke a wrong in his own party

leaders, would he not aid in electing

the leaders of the other party who

are not a whit better, and may be

worse? And yet, must wrong never

be rebuked; must the guilty ones in

the saddle ever remain, booted and

spurred, and encouraged by the en-
couragement of honest men? And how

shall an honest voter know if a public

man accused of wrong doing is guilty?

His enemies swear he is, his friends

swear he is not, and the average

voter has no opportunity of know-

ing the facts with certainty. Diogenes

went through the streets of Athens

with a lantern in broad daylight hunt-

ing for an honest man, and granting

that one may be found, has he any place

in active politics? The average voter

votes honestly; there is no reason or

cause that he should not; but can the

active politician be honest if he

would?"

TO THE POINT.

Louisville Commercial: "There are

many circumstances which indicate

that the Kentucky Democratic plat-

form is merely a "blind." It is de-

signed to catch the rural voter by its

terms, while in other important quar-

ters it is perfectly understood that

the platform "doesn't count," and that

so far as this state is concerned the

future holds nothing substantial

for either the Hon. William Jennings

Bryan, or the Hon. Joseph Clay Stiles

Blackburn. The appearance of things

looks far more encouraging for the

Hon. Arthur Pue Gorman and for an

effort toward the elevation to the Uni-

ted States senatorship of the shrewd

political leader who has just nomi-

nated himself for governor by the shrewd

management of 184 votes in a conven-

tion whose total number was 1,692.

Whatever else it may be, Bryanism

is not Goebelsism—by a long shot. We

should say that Mr. Bryan will turn

an anxious ear toward Kentucky upon

many a day between this date and the

assembling of the next Democratic na-

tional convention."

Louisville Dispatch: "There seems

to be no abatement of the protests on

the part of Democrats against the

force and fraud which characterized

the late state convention. A great

many Democrats show a disposition

to condemn the methods of the machine

and to resent the idea that they are

under obligation, for the sake of party

regularity, to support a ticket named

by a convention in which a large part

of the state was denied its rightful

representation.

Judge J. T. O'Neal, local election

commissioner in Louisville and a

staunch Democrat who has ever been

a party worker, in a published card

says: "We do not question the right

of the majority to rule in all party

affairs. But the work of the late

convention does not represent the

wish of a majority of the Democrats

of Kentucky, either in or out of the

convention. The first step of that

combination was to disfranchise, with-

out a hearing, nearly one-third of the

bonafide delegates. We say with-

out a hearing because they were de-

nied a hearing before the convention.

They were bundled together, tossed

into the convention together, voted

on together and kicked out together.

We admit some little time and embar-

assment were saved by trying them

all at once. So would the state save

heavy costs if it would dump all of its

prisoners into one court, hear them

all together on the same evidence,

and then hang them together. But

we leave this convention to take care

of itself. May it like never be seen."

Those who live on farms are liable

to many accidental cuts, burns and

bruises, which heal rapidly when

BALLARD'S SNOW LINIMENT is

promptly applied. Price 25c and 50c.

DEFEATED

Mayor Vetoes the Second Class
City Ordinance and it Was
Passed Over His Head

LIVELY MEETING LAST NIGHT

All the Public Improvement Ord-
inances Were Given Final
Passage.

OTHER BUSINESS TRANSACTED

The council met in regular session
last night, and there was considerable
business transacted. The second
class city ordinance which was
not passed at the meeting of the
14th inst. was brought up for
consideration. It was a bill to
authorize the city engineer to
construct a sewer line from the
intersection of the bridge to the
Benton road, on Clements street
to the water mark. The ordinance
was given final passage.

The minutes of the last regular
and two called meetings were read
and adopted.

Chairman Fowler, of the finance
committee, presented street bills
amounting to \$275, and miscellaneous
bills, which were allowed.

The bills of Katterjohn & Co. were
allowed for work on the market alley.
City Tax Collector William Krause
reported the collection of \$726.30
since last report.

Chairman Ezell, of the ordinance
committee, read the Elizabeth street
wharf ordinance. The ordinance was
given final passage.

The ordinance to improve Bridge
street from the bridge to the Benton
road, on Clements street was given
final passage.

The ordinance ordering a fill across
Cross creek near Baumer's place was
given final passage.

The ordinance for the improvement
of Washington street from First street
to low water mark was given final
passage.

The ordinance for the improvement
of Eleventh street from Clay to Trim-
ble streets was given first passage
after being amended.

The ordinance to improve Eleventh
street from Madison to Clay streets
was given first passage.

Mr. Ezell then stated that he had
the second class city ordinance, re-
turned by the mayor with his veto.
Clerk Patterson then proceeded to
read the veto, which was quite lengthy,
and presented the same objections
heretofore urged by the mayor.

Councilman Winstead moved that
the ordinance be passed over the
mayor's veto.

Chairman Fowler had the section
read providing that the census takers
begin work not later than the second
day in July, which time has passed.

He claimed that the time having
passed the ordinance would be invalid
and ineffectual.

City Attorney Lightfoot declared
that the date was immaterial, and had
no bearing on the case. That the
only thing material was the provision
for the census. He said the date was
put there at the suggestion of Coun-
cilman Winstead, who did not appre-
hend that any dilatory tactics would
be employed.

Councilman Ezell said all the dil-
atory tactics were from those who
favored the ordinance. He said fur-
ther that there was to be a new coun-
cil elected in November and the second
class city matter could then be made
an issue and the choice of the people
in the election be thus ascertained.

He said he would vote to sustain the
veto—would vote against the ordi-
nance as before.

Mayor Lang said that he supposed
the "dilatory tactics" mentioned by
the city attorney referred to him. He
said that he had vetoed the measure
as soon as the law allowed—at the first
regular meeting.

City Attorney Lightfoot explained
that when he informed the council
that the second class city matter had
to go before the circuit court, he was
giving them the statutory law. He
afterwards found a decision of the
court of appeals in which the statute
was declared unconstitutional and the
matter would not have to go before
the circuit court.

Councilman Fowler said if the at-
torney made a mistake in one case he
was liable to in another, and that he
thought probably he was making a
mistake in saying the date in the or-
dinance made no material difference.

Councilman Fowler said nothing was
to be gained by the change of gov-
ernment except additional expense. He
proceeded to explain his former
ideas on the subject, after which a
vote was taken, resulting as follows:

Those to sustain the veto, Clark,
Ezell, Fowler and Elliott. Those who
voted to pass the ordinance, Yeiser, Smith,
Davis, Jones, Jackson, Robertson and
Winstead. The ordinance was passed.

The ordinance relative to the office
of sewerage inspector was given sec-
ond passage.

Chairman Winstead, of the public
improvement committee, reported bids
on the fire hose tower, with profile for
the same. The bids for constructing
the tower were as follows:

E. C. Fields, \$615.

E. F. Westerman & Son, \$650.

B. T. Davis, \$515.

J. T. Carter, \$650.

The contract was awarded to Mr.
Davis and the committee was author-
ized to take the bond subject to the
ratification of the council.

The matter of constructing a new
bridge near the poor house was left
to the mayor and city engineer.

Chairman Jones, of the relief com-
mittee, recommended that the mat-
ter of changing assessment on the poor
property be referred to special board
of supervisors.

The committee in regard to the burn-
ing of some property in small box in-

fects houses, was granted further
time. The owner wants \$68.

Coffee house license was granted
Mr. Joe Goureaux.

W. J. Randolph's license was trans-
ferred from Ninth and Washington
to Twelfth and Madison.

The fire committee reported in favor
of having the fire alarm keys attached
to the alarm boxes. Public improve-

ment committee was instructed to
have the work done.

The special committee appointed to
meet with Supt. Harahan relative to
the Tennessee street railroad cross-
ing reported that the crossing will
be made more safe by the improve-

ment, and recommended that the priv-
ilege be granted the company, on con-
dition that they keep a clear cross-
ing. Report received, filed and con-
curred in.

The light committee recommended
that a light be placed at Eleventh and
Clark streets. Referred to light com-
mittee with power to act.

Councilman Robertson had read a
communication from Robt. Rivers,
asking \$3 a day for his services at the
post house as nurse. The council
paid him only \$2 a day, while the man
who did the cooking got \$3 a day.

He said when cooks got more pay than
nurses it was time to learn to cook.

Mr. Winstead moved to receive and
file Mr. Ezell's amendment by a lawing
the additional \$1. Mr. Elliott moved
to amend by paying half the \$1. Mr.
Elliott's amendment prevailed and
the young man was allowed the fifty
cents extra, which amounts to \$30.

Mr. Winstead moved that the elec-
tion of census takers be entered into,
and the salary fixed at 2 cents.

Councilman Ezell moved to defer
until next meeting. Motion carried
by a vote of 7 to 3, and the matter
was deferred.

Councilman Fowler made a report
relative to a nuisance near the ice
factory. City engineer was instructed
to drain a lot and abate the nuisance.

Councilman Fowler moved that
Mayor Lang's veto be published. Car-
ried unanimously.

Councilman Elliott read a deed to
property for opening Seventh street
through husbands.

The deed was ratified and ordered
recorded.

Councilman Yeiser moved that ordi-
nance committee be instructed to
bring in an ordinance for paving
Washington street from Seventh to
Tenth streets, and Ninth from Mad-
ison to Trimble streets. Carried.

The street committee report a
favor of allowing Mr. E. C. Terrell's
bill for gravel, amounting to about
\$800.

Mr. Winstead asked that the con-
tract be read, and it showed that the
contract called for gravel "as good
as Lawton's Bluff." Mr. Winstead
said when he voted to award the
contract, it was with the understand-

ing that it be in accordance with the
advertisement, which called for gravel
as good as the "best" Lawton's Bluff
gravel. He said he ventured to say
that not a councilman voted for a
contract that didn't expect it to be
in accordance with the advertisement.

The bill was allowed.

A prayer for relief from over-asses-
ment from Mr. B. Conners was re-
ferred to special board of supervisors.

A similar prayer from W. F. Jones
was also referred.

City Engineer Wilson read a copy
of a letter he wrote to Contractor
Lynn White relative to completing the
pumping station, notifying him to
begin work by July 17, or his bonds
would be forfeited to complete the
work. He had received no reply
and asked what to do.

A motion was adopted to authorize
the city engineer to take steps to
complete the pumping station at once.

City Attorney Lightfoot said Mr.
White's bond was perfectly good. He
said the securities do not have to be
notified. That it would neither in-
crease nor decrease their liability.

Mayor Lang reported that Mr.
Vaughan offered to give the city eight
feet near Eleventh and Clay for streets
Accepted.

The mayor stated that the Ameri-
can Carbon company with which the
city had a contract for carbon wanted
an advance stating they could not re-
new the contract on the old terms.
The price was \$17 a thousand; the
one now wanted is \$24. Referred to
the mayor and city attorney.

Mayor Lang then said that he had
never adopted dilatory tactics, but
that he wanted a clear understand-
ing relative to the law in the second
class city matter. He said the salar-
ies of census takers had to be fixed
by ordinance in his opinion. He also
claimed that no tax had been levied
for paying the census takers, and
consequently it could not be done.

After he had quoted considerable
law, "for the benefit of Attorney
Lightfoot," as he expressed it, the
council adjourned.

ABOUT FUTILE.

CHICAGO, Ill., July 17.—The efforts
of the Western Federation of Miners
to have a national labor convention
held in Chicago today to protest against
the course of General Merriam, United
States army during the Coeur d'Alene
strikes in Idaho have evidently
proved futile because of the disinclination
of the American Federation
of Labor and other big labor bodies
to co-operate in the movement. The
local labor leaders claimed today to
know little concerning the proposed
convention except that it has failed
to materialize. At the same time the
local unions express their sympathy
with the western miners in the course
they have taken.

To eradicate worms from the sys-
tem give the child plain, nourishing
food and WHITE'S CREAM VERMIFUGE.
The result will be, the worms
will disappear and the child become
healthy and cheerful. Price 25 cts.

THEIR OPINION.

Louisville Post: "If the Courier-
Journal will cease to speak for the
Democratic party, out of whose con-
fidence it can never recover, and
will say that the Louisville & Nashville
Railroad company is opposed to Goebel
and Goodrich, it will for once tell
the truth. Whether or not that is an
issue which should be presented to
the people of Kentucky may be open
to question; but in the light of what
all men now know of Goebel, his pur-
poses and his methods, it can be no
ground of criticism of the Louisville
& Nashville railroad."

Somerset Paragon: "There are
good boys and girls here too, and
strangers and Harlanites also, by
the scores who will never support
the Goebel Bill or the Goebel. That's
the way they are now, and that's the
way they will stay. They are good,
honest men, of solid, enduring prin-
ciples, who cannot be changed by
any puffing or blowing politician.
Mark that for future reference."

Somerset Paragon: "The Democracy
that the present Republican admin-
istration ousted had been in posses-
sion of years. A corrupt ring
had for a long time controlled the
treasury had been looted, was found
had been robbed to supply a defen-
dency in another, the country school
children had been enriched by the
schools of the larger cities, but by
the Republican administration these
wrongs have been righted. A clean
businesslike administration has placed
Kentucky and her finances and affairs
on a better footing. Without invest-
igation, without knowledge, and with-
out a desire for either, it is easy to
say the Republicans have lowered the
standard. The facts show the op-
posite."

Louisville Post, 15th: "Mr. Goebel,
after waiting a fortnight, pub-
lishes a card in reference to his writ-
ten agreement with Stone, but fails
to print the agreement. Captain
Stone has said in most emphatic lan-
guage that his controversy does not
relate to the written agreement, which
related solely to the temporary
organization of the convention, which
was fulfilled, and about which there
was no dispute whatever. Mr. Goebel
discredits his own denial by his
laborious reference to this agreement;
by his statement that Urey Woodson
was his only intermediary, and that
Woodson had denied that the agree-
ment was for Goebel to withdraw in
favor of Stone. Now, we think,
we will accept Mr. Goebel's statement
as the least strengthening his case,
whenever every occurrence in the con-
vention sustains what Captain Stone
said. First, it was essential to Goebel's
control of the state machine and to
his control of the Fifth district that
Reid be made permanent chair-
man. Second, this new verbal agree-
ment between Stone and Goebel was
followed by an extra from Goebel's
organ announcing Goebel's withdrawal
and Stone's nomination the next
morning. Third, Stone carried out
his part of this compact, made Reid
permanent chairman and his own
nomination impossible save by Goebel's
consent. That surely would have
been done without some purpose,
some promise, some end in view.
Mr. Goebel cannot, we think, convince
the people of Kentucky that all this
followed from the original written
agreement."

CATHOLIC ASSOCIATION.

ASBURY PARK, N. J., July 17.—The
Ladies' Catholic Benevolent Associa-
tion, with a membership covering
many states, convened here today in
annual session with several hundred
delegates in attendance. The sessions
will extend over a period of two weeks
during which time a large amount of
business of importance to the mem-
bers of this organization will be trans-
acted. The national officers are: Su-
preme president, Mrs. E. B. McGowan,
Buffalo, supreme recorder, Mrs. J. A.
Royer, Erie, Pa.; supreme treasurer,
Mrs. M. E. McGuirk, Brooklyn.

WEEK OF SPORT.

DETROIT, Mich., July 17.—When the
star's flag falls at the Grosve
Pointe track this afternoon it will
mark the inauguration of what prom-
ises to be the most successful trotting
meeting ever held on the mile course
that is famous as the result of the
M. and M. stake annually offered for
trotters. The track is in excellent
condition and the stables are full of
famous flyers. The meeting is to
continue five days during which time
a program of notable stake events
will be run off.

ST. JOHNS, N. F., July 17.—The
Pearl expedition steamer Diana sailed
for Sydney Saturday. She has sup-
plies for two years and carried a crew
of 18 men, well accustomed to Arctic
navigation.

Admiral Dewey has filed claims for
bounty growing out of the destruction
of Montepio's fleet. The Concord and
McCulloch have filed similar claims.
The New York, Texas, Manning, Hist,
Massachusetts, Yale and Ericsson
have filed claims for the Santiago
victory, but none has been filed by
the Brooklyn, the Oregon, the Iowa or
the plucky Gloucester.

Three negroes were killed and a
fourth wounded at the Ishkoda mines
in Alabama Saturday night. The
negroes had been imported from
Georgia and elsewhere to take the
place of union strikers and a riot re-
sulted. The deputy sheriff at the
mines was unable to control the sit-
uation and shortly before midnight a
posse was sent to the mines from Bir-
mingham to restore order.

The Misses Bell

Complexion and Hair Specialists.

The brilliant complexions of women in the more exclusive circles of New
York society are not explained by the theory that associates beauty and idleness.
In fact, many leaders of the world of fashion are hard workers. Yet
they keep their good looks even when they are old. How do they manage
it? THE MISSES BELL, of 75 Fifth Avenue, New York, themselves con-
nected with some of the most noted and honored families in the metropolis,
have answered the question. They have prepared for the use of women in
general, five preparations for improving the complexion and the hair.

Five Toilet Treasures.

250 fine silk and satin dress waists, exquisite designs and materials. None of these worth less than \$6.00 and from that up to \$12.00. Sample sale price \$2.98 and \$4.98. They will not last long. So come early.

Our entire stock of fine summer shirt waists—white and colors—reduced for this grand bargain sale.

Remember, these goods are of the very finest materials and the very newest designs, and were manufactured for the very best trade only. We got a snap and you reap the benefits.

200 gent's fine night shirts, regular price 75c, reduced for this sale to 30c.

350 summer union suits, regular price 39c, reduced for this sale to 15 cents.

300 fine dimity wrappers, regular price 98 cents, reduced for this sale to 48 cents.

Our complete stock of fine hair goods reduced for this sale to half price.

All our \$1.50 French hair switches reduced to 75 cents.
 All our \$2.00 fine French hair switches reduced to \$1.00.
 All our \$3.50 and \$4.00 fine French hair switches reduced to \$1.50.

A Mid-Summer Hummer In Sailors.

Our buyer has just returned from market with a beautiful and carefully selected line of new sailors, and some of them are beauties, but we find we have too many, so we will give our customers the benefit and sell them at one-half the usual selling price. We must have money, so we have decided to close out our stock of trimmed hats and bonnets at ridiculously low figures. All our \$6.00 patterns go now at \$3.00. All our \$5.00 ones at \$2.50. All our \$3.00 hats at \$1.50. They consist of trimmed leopards, short back sailors, chiffon hats and hats of every shape and style. They must go now regardless of price, so call and see the extreme low figures we have placed on everything pertaining to head gear. All our chiffons, ribbons and flowers are seasonable, mid-summer trimming and our prices cannot be duplicated elsewhere.

ABOUT PEOPLE.
 Mr. Will E. Grigsby, of the Equitable, leaves Friday for New York, as a delegate from Kentucky, to attend the fortieth anniversary of the establishment of the company. Mr. Grigsby is one of the most popular young agents in Kentucky, and one of the hardest workers.
 Secretary A. Knox, of the Y. M. C. A., left last evening for Batesville, Miss., being called by the serious illness of his father.
 Mr. J. R. Lemon has returned from Dawson.
 Mr. George T. Harris went to G and Rivers this morning on business.
 Attorney W. M. Oliver, of Benton, passed through the city today en route to Dawson.
 Hon. R. A. Neal, of Mayfield, was in the city today.
 Hon. John K. Hendrick has returned from Dawson.
 Prof. Charles Davis gave an organ recital at the First Christian church last night in honor of Miss Cora Blackwell, who is a guest of Miss Hattie Settle.
 Superintendent Erler, of the sewer age, has returned from Terre Haute, Ind.
 Mrs. J. B. Allen and little son left this morning for Louisville on a visit.
 Mr. S. S. Miller and wife, of Louisville, are at the Palmer.
 Mr. P. W. Barclay, of Cairo, was at the Palmer today.
 Marshal Elijah Henry, of Henderson, is at the Palmer today.
 Mr. J. A. Brice, of Dawson, was in the city today.
 Mr. George H. Powell, the Louisville drummer, is at the Palmer.
 Mr. L. W. White, of Clinton, was in the city today.
 Mrs. James Allen, who has been to Hopkinsville, on a visit, is here on her way home to Chicago, a guest of Mrs. Chas. Wortham and family.
 Misses Ruby Knott and Jennie Chiles, of Woodville, are guests of Captain W. R. Peal. The former is quite ill, and came here to attend the teachers' institute.
 Miss Katie Burke, of St. Louis, is a guest of Miss Rose Korts.
 Mrs. Lelia Combs is a guest of her daughter, Mrs. L. Bouliware.
 Mrs. J. W. Dicke, the Misses Ashoff and Miss Annie Rapp are sojourning at Creal.
 Miss Katie Hodges leaves tomorrow for Princeton on a visit.
 Miss Ethel Gilbert has returned to her home in Golconda after a visit to relatives here.
 Miss Norman Wyatt, of the Woodville section, is a guest of Councilman George Jones and wife.
 Mr. J. L. Kilgore returned this morning from Anderson, Ind.
 Messrs. James P. Thompson and Chas. M. Leake went to Creal today.
 Mr. and Mrs. W. C. Schofield, formerly of the city, but now of Chicago, accompanied by Miss Delaney, of the latter place, are in the city, the guests of relatives. They leave tonight, accompanied by Miss Sue Nelson, for Versailles and Shelbyville on a visit to relatives.
 County Attorney Graves goes to Dycusburg, Ky., this afternoon on a two weeks' visit to his father, Dr. Graves. During his absence from the city Mr. Tom Price will serve in his place as county attorney.
 Chas. J. Castello, of Tampa, Fla., is at the Palmer.
 Mr. B. B. Griffith and wife, of Sharpe, Marshall county, were at the Palmer today.
 Mr. John T. Farmer, of Dixon, is at the Palmer.
 Mrs. Prof. E. S. Clark, of Henderson, Ky., is visiting her brother, Dr. W. H. Pitcher, on West Broadway.

LOCAL LINES.
 —It's good, it's great and it's funny—"My Mother-In-Law."
 —J. W. Cook and Lulu Skelton, and Henry Hasket and Katie Deboe, colored, were licensed to marry yesterday afternoon late by County Clerk Graham.
 —Orliss Price, aged 18, had his right leg torn off and was otherwise injured by getting caught in a threshing at Fair Dealing, Marshall county, yesterday. He may not recover.
 —The St. Louis train due at 7:30 o'clock this morning was delayed several hours by an engine breaking down. Another engine could not be obtained for sometime.
 —The Ladies of Macabees will hold a meeting tonight at 8 o'clock in Elys Hall. A full attendance is desired.
 —Mr. and Mrs. Joe Tenne, of South Fifth, are parents of a fine boy baby.
 —Mayor Lang and Superintendent Harahan discussed the river front property yesterday and the latter will write back his decision when he reaches Louisville. It is understood, however, they have formulated a plan which will be satisfactory to all concerned, but they are not ready to give anything out as yet.
 —Big crowds are going to the park tonight to witness the production of "My Mother-In-Law."
 —Dr. Clarence Anderson, of Princeton, died Sunday night at the home of his father, of nervous prostration. He had been in a bad way ever since the death of his wife about a month ago.
 —The water company is preparing to move into its new office in the new Robertson building adjoining the telephone office.
 —The cost of attaching the fire alarm box keys to the boxes will not exceed thirty or forty dollars, and the work will be done at once. Small galvanized iron boxes are to be made for the keys, and they will be attached to chains, which will prevent their being carried away by miscreants. While everyone has access to the boxes, it is not anticipated that the department will have any great amount of trouble from false alarms.
 —"My Mother-In-Law" will make you laugh.
 —A meeting of the members of the city Democratic committee is called to convene at the city hall on the 20th at 2:30 o'clock, for consultation concerning the coming municipal campaign.
 —Malden alley is badly torn up, and this morning City Engineer Wilcox sent the contractors a written notice to clear it. Superintendent Erler stated that the alley will be cleared away as soon as possible. The house connections have yet to be put in, and there would be reason in smoothing the alley now and then tearing it up in a few days. When the house connections are in the entire sewerage force will be put in the alley.
 —Alex Bloodworth will be tried tomorrow morning before Justice Emery on a charge of using insulting language towards Dave Levy, a pedler.
 —Architect Brainerd has secured the contract for the plans for Mr. E. E. Lockridge's new residence in Mayfield. It will be on the old colonial style and will be one of the finest there.

TORPEDO BOAT VIPER.
 Is to Maintain a Mean Rate of Forty-three Miles.
 Philadelphia Times: "There is building in England a torpedo boat destroyer, or called the Viper, which has values as a menace on existing systems of warfare. She is to move through the water at the rate of 43 miles an hour, and her propulsive energies work to aid the turbine problem to solution. So it is said.
 It is useful, as considering what 43 miles an hour mean, to note that no railway train in this or any country preserves an equal speed except for comparatively short distances. To move the train an artificial path is leveled and every advantage is given to the motive power that can be offered to the machine that exerts the active strength. With these aids a locomotive knows no limits to its speed except the strain on its composite parts, the failure of any one of which will stay its efforts. In the water the strongest machines meet all the perils of failure that a locomotive engineer has to expect, with the added resistance of the water in which it moves. It is easy to talk about 43 miles an hour at sea, but to realize it for one single hour is a problem only approached, not solved. It is possible by the application of sufficient power, as the old philosopher said, to raise the world with a lever, but he asked for a capable fulcrum, and nobody gave it to him then nor since.
 While the turbine motor has great possibilities, perhaps, it does not put aside the obstacles that immovable nature has placed in its way. When a turbine engine has moved a vessel not at the rate of 43 miles an hour, but 43 miles in one hour, we will have faith in its performance—but not before. The application of the Viper to naval warfare remains a question to be discussed."
 —The local pap hunter will soon be on the turf. The city election is being talked about.
 —C. M. Foote, Grand Exalted Leading Knight of the Grand Lodge, Order of Elks, died of heart failure in Minneapolis Sunday. He was one of the best known members of the order.
 —The Franco-American treaty will be formally discussed by the French cabinet council and presented to the Chamber of Deputies for ratification in October.
 —Mrs. N. F. McCormick, of Chicago, has decided to equip a manual training department at the S. F. Lee College institute, Jackson, Ky.
 —About a million gallons of oil have been seized in Georgia, not coming up to the test required by the state law.

 Captain J. G. McMahon reports a very heavy wind storm about three miles above Smithland on Cumberland river last Sunday afternoon. The path of the storm was narrow, but it tore down large trees and did considerable damage to crops that were in its pathway.
 The City of Sheffield passed out of Tennessee this morning at 1 o'clock for St. Louis. She had a very good freight trip and packed with people.
 The City of Golconda cleared for Golconda and Elizabethton at noon with a very good trip.
 The R. A. Speed on her twentieth trip left again this morning for Hamburg, on the Tennessee river, to bring out another trip of ties for the Russell Lord T. Company. She has made a splendid record under Captain Billy Edwards' management. He has handled over 400,000 ties without an accident, getting around, or any other mishap amounting to anything.
 The Hustler with a trip of poultry and market produce arrived from Cumberland river this morning. She departed at noon with a good trip. Although small the Hustler is a great benefit to the trade here during low water in Cumberland river.
 The City of Paducah leaves St. Louis tomorrow at 5 p. m. for Tennessee river.
 Business rather quiet on the wharf today.
 The H. W. Butteroff, now representing the place of the steamer John S. Hopkins for the low water season, arrived at noon today with a fair trip, and cleared at 1:30 p. m. on return to Evansville.
 The beautiful steamer War Eagle just finished at the Barmore ship yards, Madison, Ind., will leave there this week for St. Louis. She is 260 feet long, 38 feet beam, 7 foot hold, 14 foot guards. She has the Spread Eagle's machinery. She cost \$40,000 and will carry 11,100 tons.
 The Buckeye State from New Orleans arrived at Cairo this morning. She will keep company with her partner, State of Kansas, lying up there.
 There is much needed river improvement in the lower end of the Ohio, commencing at Caseyville and a great deal of necessary work in the river here at Paducah ought to receive attention of the government engineers, during the present low water season.

NEWS NOTES
 Gorman will not be able to attend the coming meeting of the Democratic national committee, which will take place in Chicago Thursday next, but will be represented in the meeting by Col. L. L. Victor Baughman, of Fredrick county, who holds Mr. Gorman's proxy.
 Two men were drowned at Louisville, N. Y., while boating.
 The Republican state campaign committee, it is reported, will have its headquarters in Louisville.
 A race of 15,000 miles from Honolulu to Philadelphia was terminated by the arrival of three ships within a few hours of each other at Delaware breakwater.
 J. C. Saylor, a Bell county school teacher, was shot from ambush and perhaps fatally wounded.
 Henri Fournier, the noted long distance bicycle rider, died in New York from injuries received in a bicycle accident.
 The Colorado supreme court decides that the eight-hour labor law is unconstitutional.
 An American sailor named Miller must, under the new treaty in effect today, answer to Japanese law for a triple murder.
 Serious trouble has arisen between the moonshiners and the law-abiding citizens of Cleburne county, Ark.
 Indianapolis, Ind., is filling up with the advance guard of the delegates to the international conference of the Epworth league, and the success of the gathering already appears to be assured. Special trains bearing thousands of delegates are reported on the way from California, Texas, Canada, New York, New England and various parts of the South where the league has a large following. A thousand or more delegates are in the city today and ten times that number are expected to put in an appearance before sundown tomorrow. The conference will open Thursday afternoon at Mackinac, Mich., today the supreme senate of the National Union are gathered for their eighteenth annual convention. From a modest beginning in 1881 this body has grown until it now embraces every state and territory. The total membership exceeds 50,000, while the disbursements since organization exceed \$10,000,000.
 Titus Suddeth, president of the Farmers' National bank, of Springfield, Ill., and one of the largest land owners and stock raisers in Illinois, died near Sherman, Ill. He was born near Mt. Sterling, Ky.
 The battleship Kentucky is 90 per cent. advanced toward completion.

 Bromide sodium. 0.12
 Sulfate iron. 0.12
 Sulfate lime. 0.12
 Sulfate soda. 0.12
 Sulfate potash. 0.12
 Sulfate magnesia. 0.12
 Sulfate calcium. 0.12
 Sulfate strontium. 0.12
 Sulfate barium. 0.12
 Sulfate zinc. 0.12
 Sulfate copper. 0.12
 Sulfate lead. 0.12
 Sulfate silver. 0.12
 Sulfate platinum. 0.12
 Sulfate gold. 0.12
 No. 19 Spring. Grains per gal. 3.77
 Bicarbonate lime. 3.77
 Chloride sodium. 0.12
 Bromide sodium. 0.12
 Sulfate iron. 0.12
 Sulfate lime. 0.12
 Sulfate soda. 0.12
 Sulfate potash. 0.12
 Sulfate magnesia. 0.12
 Sulfate calcium. 0.12
 Sulfate strontium. 0.12
 Sulfate barium. 0.12
 Sulfate zinc. 0.12
 Sulfate copper. 0.12
 Sulfate lead. 0.12
 Sulfate silver. 0.12
 Sulfate platinum. 0.12
 Sulfate gold. 0.12
 No. 20 Spring. Grains per gal. 3.77
 Bicarbonate lime. 3.77
 Chloride sodium. 0.12
 Bromide sodium. 0.12
 Sulfate iron. 0.12
 Sulfate lime. 0.12
 Sulfate soda. 0.12
 Sulfate potash. 0.12
 Sulfate magnesia. 0.12
 Sulfate calcium. 0.12
 Sulfate strontium. 0.12
 Sulfate barium. 0.12
 Sulfate zinc. 0.12
 Sulfate copper. 0.12
 Sulfate lead. 0.12
 Sulfate silver. 0.12
 Sulfate platinum. 0.12
 Sulfate gold. 0.12
 No. 21 Spring. Grains per gal. 3.77
 Bicarbonate lime. 3.77
 Chloride sodium. 0.12
 Bromide sodium. 0.12
 Sulfate iron. 0.12
 Sulfate lime. 0.12
 Sulfate soda. 0.12
 Sulfate potash. 0.12
 Sulfate magnesia. 0.12
 Sulfate calcium. 0.12
 Sulfate strontium. 0.12
 Sulfate barium. 0.12
 Sulfate zinc. 0.12
 Sulfate copper. 0.12
